Vigo, December 7th 2012

To whom it may concern,

Mr Alberto Malvido García, Managing Director of Bit Oceans Research S.L., confirms that Mr Miguel Conradi García-Baquero has completed an internship in the R&D department from September 2012 to December 2012, carrying out his work in a highly satisfactory way.

During this period, Miguel has worked in the framework of signal processing, doing tasks related with the Print&Scan channel.

In the performance of his duties, which he has done effectively, Miguel has shown dedication and involvement with the project, highlighting his autonomy and interest.

Yours sincerely,

Alberto Malvido García
