

A Study on Tinnitus in Sedentary College Students

Do you have distressing tinnitus that interferes with your daily life?

You may qualify if you are:

- A student (ages 18-25)
- Enrolled in a University full-time and proficient in English
- Experience mild to severe bothersome tinnitus
- Spend 7+ hours per day sitting or inactive

Here's what you'll do

- You will complete a short online survey with questions about your tinnitus severity, physical activity lifestyle, and demographics.
- No in-person visits!
